MEMORANDUM FOR: Chief, RQM/OIS

SUBJECT:

--

50X1

1. Attached are twenty copies of subject report.
2. In a memorandum addressed to the Chief, RQM/OIS dated 2 June 1954, Roger Golran indicated that the Division of Near East and Africa felt that real value would accrue from the research involved in this project. It would therefore be appreciated if we could have an evaluation of the report from that Division and from anyone else in DDP who may have an interest in the report, if possible by 7 January 1955.
3. Subject report is unclassified when this memorandum is detached.
